Examiner Bruckart-

Let's plan on Thursday at 5pm EST. The agenda will cover the following points:

- The purpose and inventive concept behind our invention

8/28/2007

- The cited art, including *Slennox* and *BotnetCentral*, how the art relates to our invention and the reasons we believe that we are different than the cited art
- How the claim amendments, as filed, overcome the cited art – specifically, how the amended claim language helps clarify and distinguish this invention over the cited art (e.g. amended claim 1 as filed)

If you have any other questions, please let me know.

Subject: RE: Request for a Telephone Interview for Application Serial #10/016,790

Greetings,

I am available after 5pm EST most days however my schedule is limited as I am currently assigned on detail.

Can we tentatively schedule an interview for Thursday at 5pm EST? I will wait to hear from you. Friday is also open for scheduling.

However, the proposed agenda is insufficient. It blankly states discussing the rejection of claim 1. I require a detailed agenda that specifically points out the issues to be discussed/argued or claim amendments being suggested.

Since this is under Final, I will need more information so I can prepare.
